Thanks Dietrick. I'll take your response as that no more comments specific to IAOC will be coming until a revision is available. I would look to EPA for schedule and next steps as the YPT letter was addressed to them. On your legal question, we will also look to EPA on next steps but will review internally.

Greg,

Sarah and I will modify the labels and resend those comments so it is easier for you to follow. I will see if we can provide a draft then add it to any additional comments regarding deferral in the next set of correspondence from the Tribe. However, as I am sure your review found, many of the general comments apply to the IOAC so I don't think there will be any surprises as we wrap up our discussion.

From the EPA and other comments, it is apparent that we will be looking at revisions if this process is still considered viable. If you could let us know the schedule for those it might make for a more efficient response. Also, in light of the Aqua Caliente Band v. Coachella Valley Water District decision, we understand the states position regarding OUI may have to be modified; is there a legal review from the AG available?

Dietrick or Ginny,

I did not notice any specific comments that cover the IAOC. I do see comments related to the Deferral Agreement, Framework, and SOWs for the RIFS and RDRA, but not any comments specific to the IAOC.

Does the Yerington Paiute Tribe plan to comment on the IAOC separately?

Thank you,

Greg
